Guv surveys Bogibeel project

ITANAGAR, Aug 08: Governor JJ Singh visited the Bogibeel bridge project over Brahmaputra river and took stock of the progress of the construction work there Saturday.

In his discussions with the railway engineers and representatives of Gammon India Ltd, Singh asked them to ensure quality as the project of national and strategic importance.

The governor, who was

impressed by their commitment and hard work, directed them to complete all phases of the grand project in the stipulated time, and advised them to think of an appropriate name for the project.

The project is being undertaken by the Railway engineering department with Gammon India Ltd as its contractual partner. Once constructed, the bridge will facilitate a dual

road and rail communication system. The proposed railway link has a total length of 74.095 km, while the proposed road link has a total length of 24.455 km.

The team of engineers led by Sanjay Mukherjee, SK Baranwal and Anupam Das briefed the governor on the project and assured him that it would be completed by 2014, saying 50% of the works have been completed. (DIPR)
