MESSAGE

On the occasion of National Press Day, I extend my heartiest greetings and warm wishes to all the members of the media fraternity of the Arunachal Pradesh. I hope that the occasion inspires every member of the fraternity to continue their excellent services towards the cause of the society, downtrodden, women, education, health, environment and humanity.

The media is a mirror to reflect correctly the happenings in society to the public at large and therefore, it must profile issues requiring attention. But at the same time, it should carefully avoid sensationalizing the happenings, particularly when the incident involves young, women or sensitive social issues.

Media in Arunachal Pradesh may be very young, but we are already proud of you for your dedicated endeavours and in becoming the 'Voice of the every Arunachalee.'

General JJ Singh,
PVSM, AVSM, VSM (Retd)
