

GOVERNOR'S SECRETARIAT
ARUNACHAL PRADESH
ITANAGAR

PRESS RELEASE

Governor

Shri Gautam Chintey, Adviser (Banking and Industries), North Eastern Council, Shillong called on the Governor of Arunachal Pradesh Brig. (Dr.) B.D. Mishra (Retd.) at Raj Bhavan, Itanagar on 15th December 2018. Director National Institute of Technology Prof. (Dr.) Rajiv Kumar Garg and Richard Belho, Architect specialise in Bamboo structure were present on the occasion. They discussed on maximum utilization of bamboo in the State.

The Governor emphasized that eco-friendly structures, including classrooms and auditoriums should be popularized and promoted in the State.

Underscoring that Arunachal Pradesh has a large area under bamboo cover, the Governor said that instead of concrete buildings, people must be encourage to construct bamboo structure. He further said that Bamboo is a quick-growing, versatile, non-timber forest product whose rate of biomass generation is unsurpassed by any other plants. It is known to be a natural and excellent raw material for manufacturing strong and sturdy furniture, handicrafts, and novelty items.

The Governor also called for developing innovative ideas in Bamboo technology by the engineering students to meet the needs of the people.

PRO to Governor
Arunachal Pradesh
ITANAGAR, December 15, 2017
